PROBLEM STATEMENT :

- Modern students face a multitude of responsibilities - supplementary courses, core curriculum, extracurriculars, sports, and clubs.
- This burden leads to frustration and stress, affecting mental well-being and content retention.
- The lack of task management tools worsens the problem, causing some students to drop courses due to interest loss or poor scheduling.

TARGET AUDIENCE/SOCIAL BENEFITS :

- ❖ Improved Academic Performance
- ❖ Reduced Stress and Anxiety
- ❖ Enhanced Productivity
- ❖ Developing Healthy Habits
- ❖ Motivation and Confidence Boost
- ❖ Promoting Holistic Development
- ❖ Equitable Education
- ❖ Positive Learning Environment
- ❖ Long-Term Skill Enhancement
- ❖ Future Career Advancement

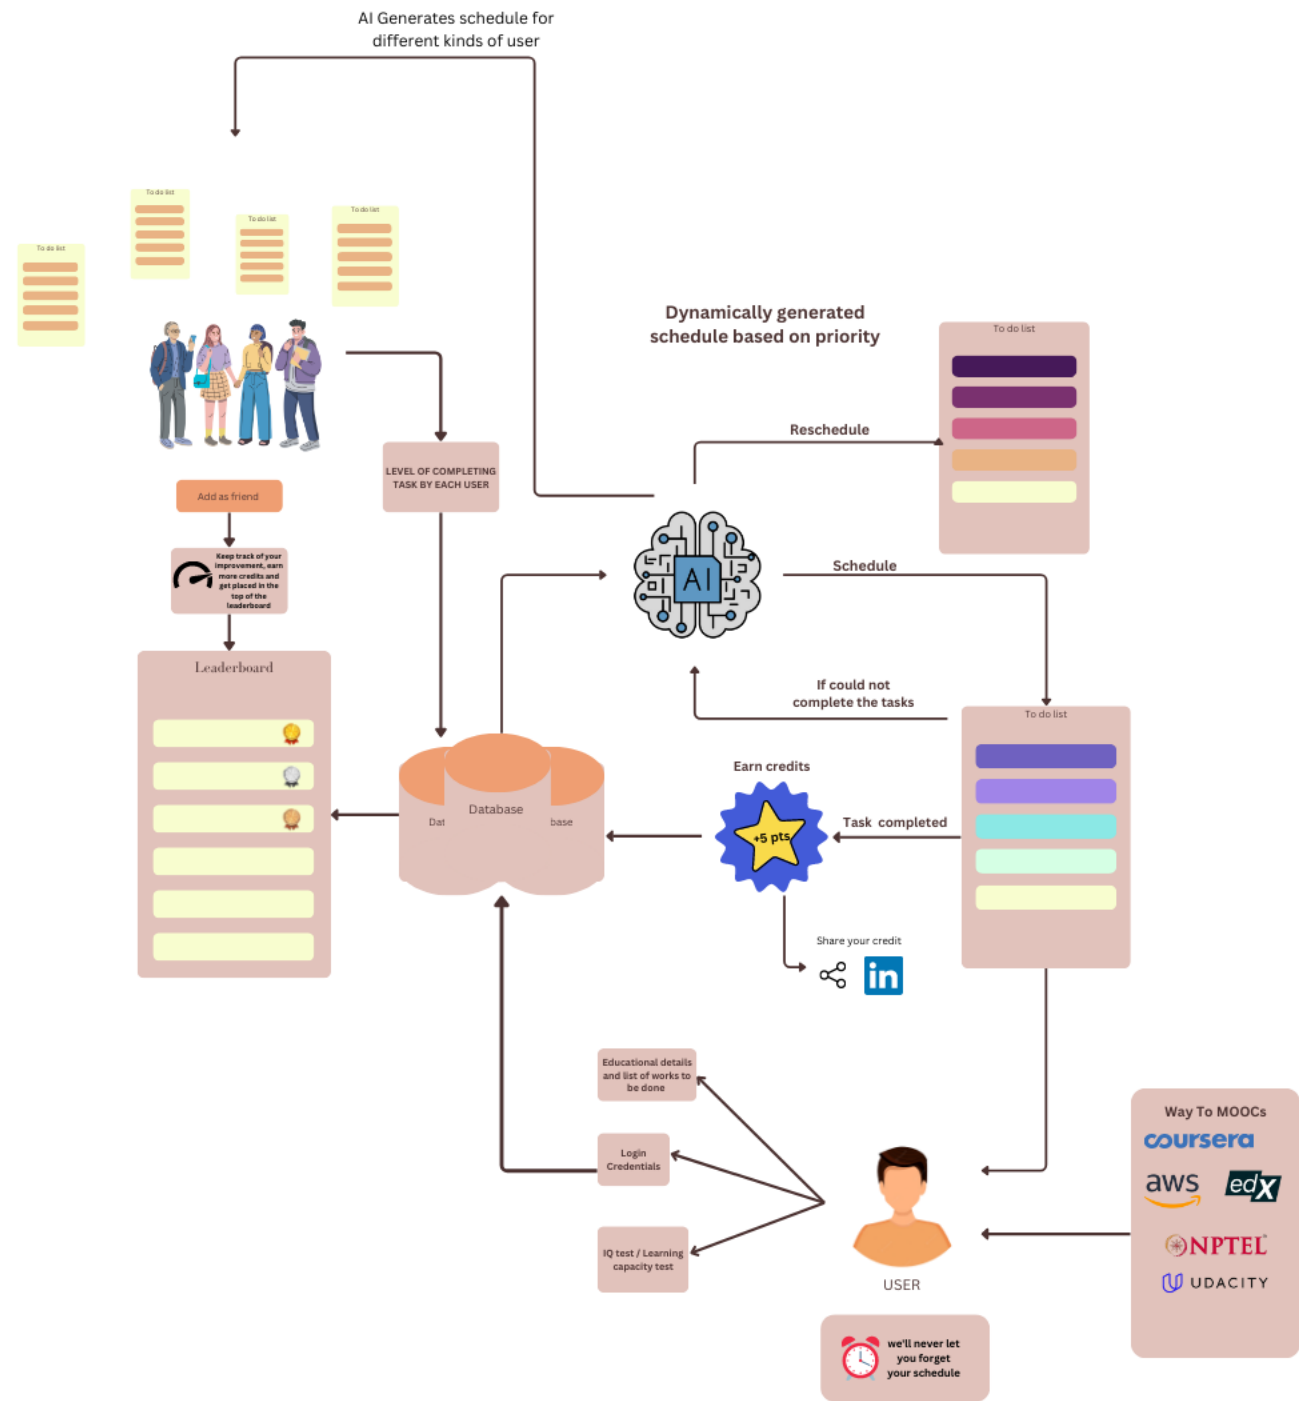

EXISTING SOLUTION :

- TRADITIONAL PLANNING
- CALENDERS AND REAMINDERS
- EDUCATIONAL MANAGEMENT SYSTEM
- TIME MANAGING TECHNIQUES
- STUDY GROUP AND PEER SUPPORT

INNOVATION /IMPROVEMENTS PROPOSED:

1. Introducing an innovative app that goes beyond scheduling by intelligently analyzing users' IQ levels to create personalized task assignments and a tailored roadmap, transforming students' daily routines.
2. Our user-centric approach addresses procrastination and time mismanagement, offering rewards for completing tasks and featuring an Anime character reminder for upcoming activities, fostering a positive learning environment.
3. Join us in revolutionizing the student experience, reducing stress, and promoting holistic success through personalized productivity and effective time management.
4. The app provides a motivational score for users, offering insights into their performance and suggestions for improvement, potentially adding value to their professional careers.
5. This isn't just an idea; it's a revolutionary approach to personalized education that has the potential to redefine learning for a new generation.
